

## DUPONT PLANT BREEDING SYMPOSIUM 2015

### First Announcement Call for Abstracts

#### TOPIC:

#### **CURRENT INNOVATIONS IN INSECT RESISTANCE MANAGEMENT AND PEST CONTROL**

The second annual DuPont® sponsored symposium is organized in collaboration with students of the University of Pretoria, faculty, and industry. This event will provide an opportunity to learn about the most recent scientific advances aimed at developing durable plant resistance to insects from regional experts in the field. Three primary areas of discussion will include the evolution of insect resistance to control measures, chemical and biological control of insects for sustainable agriculture, and biotechnology for durable crop resistance.

**Symposium Date:** 29 September 2015
