

PHYLOGE-KNOWS-IT CROWNED “BRAINS” OF FABI AT FIRST VIRTUAL QUIZ NIGHT

Phyloge-knows-it outwitted 12 teams to be crowned winners at FABI’s first virtual Quiz Night on 4 September. The teams battled it out over five rounds with 10 questions each delivered by Quiz Master Darryl Herron. The rounds tested the team’s knowledge of science, films, geography, art and sport. The teams displayed their various mascots and were judged on team spirit, with Nerd Immunity taking the prize. Phyloge-knows-it members have committed to buying a set of books for a primary school with their prize money. The first virtual Quiz Night was organised by the FABI Social Club, which is in charge of the Institute’s social calendar.
